

Electronic Voltage Corrector

Intelligent Power Controlling System

Cargo Products was started as Shree Guard Electronic in the year 2005 and since then has successfully established its name in the national and international market for its quality products and efficient services by qualified & experienced workforce. Nelson is an ISO:2015 certified company and products as per IS Standards, We offer a wide range of Highly reliable products for different needs of our customers providing complete power conditioning solutions.

World class technology, constant R&D efforts and persistence towards quality has enabled us to provide best quality products which is distributed worldwide through an efficient and committed dealer-distributor network. We are Original Equipment Manufacturers to various national & international companies. Our products are approved and recommended by various national testing agencies.

Quality Standards

Quality has been a major concern and a prime reason for our success in an arena full of competition. To ensure superior quality products, we have our own facility equipped with variety of testing facilities. We carry out several quality control tests and inspections during the various stages of production and prior to the delivery, so as to ensure our products comply with international standards.

Quality Policy

Cargo is committed to satisfy the customers by supplying the quality products as per customer specification at reasonable price and will continually improve the effectiveness of quality improvement system.

VISION

To increase our knowledge and capabilities as a service provider in the field of power conditioning equipments. To become the global supplier/provider of choice who provide the quality products and services preferred by our customers.

MISSION

Through quality assurance and stringent evaluations, provide our customers with accurate data, quality products and consistency in services.

Develop and maintain a supplier/customer relationship based on open communication, mutual trust and respect.

- ▶ **Completely copper wound, Buck Boost Transformer**
- ▶ **Special Grade Silicon Steel Lamination for Transformer**
- ▶ **IC Controlled output Voltage**
- ▶ **Cost Effective sleek Design**
- ▶ **High Quality Component for long life of Product**
- ▶ **Tested as per relevant IS specification**
- ▶ **Easy to Install, operate, maintain & service**
- ▶ **User friendly eco friendly, save power**

HIGH PERFORMANCE TRANSFORMER

Very Low Loss Transformer Design that reduces the no load power consumption of your stabilizer drastically.

HI-QUALITY RELAYS

High quality Electro-Magnetic Relays with handling capacity to handle any surge current that ensure Long Life and Silent Operation during voltage fluctuations.

Electronic Voltage Corrector

ELECTRONIC VOLTAGE CORRECTOR

| | | |
|----------------|--------------------|---------------|
| Input Voltage | : 175 V-250 V | : 100 V-280 V |
| | : 160 V-260 V | : 50 V-280 V |
| | : 135 V-280 V | |
| | : 90 V-280 V | |
| Output Voltage | : 200 V-240 V | : 190 V-250 V |
| Capacity | : 500 VA to 7.5KVA | |
| Applicable | : A.C. & Main Line | |

MANUAL VOLTAGE CORRECTOR

| | | |
|----------------|-----------------------------|--------------|
| Input Voltage | : 160 V-280 V | : 90 V-280 V |
| | : 130 V-280 V | : 50 V-280 V |
| Output Voltage | : 220 V+5% | |
| Capacity | : 150 VA - 5 KVA | |
| Applicable | : T.V., C.D., D.V.D., Music | |
| | System & Main Line | |

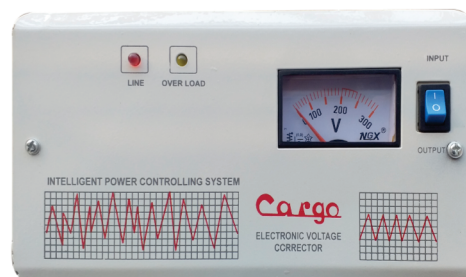

SPL. DESIGN FOR AC

| | |
|----------------|-----------------|
| Input Voltage | : 160 V-280 V |
| | : 135 V-280 V |
| Output Voltage | : 220 V-240 V |
| Capacity | : 3 KVA - 5 KVA |
| Applicable | : A.C |

ELECTRONIC VOLTAGE CORRECTOR WITH THERMAL OVER LOAD PROTECTION

| | | |
|----------------|-------------------------------|---------------|
| Input Voltage | : 175 V-250 V | : 100 V-280 V |
| | : 160 V-260 V | : 50 V-280 V |
| | : 135 V-280 V | |
| | : 90 V-280 V | |
| Output Voltage | : 200 V-240 V | : 190 V-250 V |
| Capacity | : 500 VA to 1KVA | |
| Applicable | : Refrigerators, Deep Fridger | |

Electronic Voltage Corrector

Applicable for:

**MAIN CORRECTION | FAX MACHINE | AIRCONDITIONERS
REFRIGERATOR | T.V | D.V.D. | MUSIC SYSTEM**

**Shree Guard Electronic
Delhi**
